Description

Tripp Lite's 6 ft. Flat HDMI - HDMI (High Definition Multimedia Interface) cable allows interconnection between digital display devices, such as DTV's (digital television), plasma displays, LCD TV's, and projectors, to digital source devices, such as digital set-top boxes, DVD/DVD-R players, and AV receivers. Utilizing a flat design, each individual inner conductor is organized differently to reduce cross-talk between the wires, which produces a cleaner signal than round HDMI cables. Flat HDMI cables also fit closer to walls and better around bends and turns, as well as under carpeting. RoHS Compliant and Tripp Lite Lifetime Warranty.
